

ACE Oral Auction Item #60

Main Building Restroom Renovations

Over a year ago, a group of individuals represented by school administrators, faculty, staff and parents started meeting to discuss the future needs of TMP-Marian. This group is now known as the Site-Planning Committee. They have been studying the blueprints of the buildings on campus and space that is currently being utilized or not, then comparing the needs for the middle school, high school students, and support staff, etc. After many meetings and much discussion, a list of priorities is being established.

For ACE 2017, Item #60 will be to renovate and expand restrooms in the administration building. With the addition of female students in the 80's and junior high students in 2012, the current restrooms are inadequate and the plumbing is over 80 years old in most cases. It is time to improve and increase the number of stalls available throughout the building, as well as adding handicap accessible options, not only for our students but also for guests attending special programs and activities held at TMP-Marian.

The capital improvements from the last two auctions have been completed. The new restrooms in the front entryway of the Al Billinger Fieldhouse are incredible. The concrete sidewalks, bus parking lane, junior high drop-off, student parking lot and lighting have all been finished. There are a few other repairs to the current sidewalks and south parking lot that will be done as needed with the remaining funds. A portion of the money raised was also given to Holy Family Elementary for their new south window project. The 4th floor project is currently in the hands of the architect. After the architect is done, the project will be broken up into different phases. The first phase was demolition of the interior walls in the east wing and center section, which is done. The architect's footprint will determine what is next.

Matching funds from the Leo J. & Albina Dreiling Trust will be available for Item #60. Their continued generosity to TMP-Marian is extraordinary. If you are interested in making a major gift to ACE Item #60, please contact Advancement Director Jeff Brull at 785-625-6577 or brullj@tmpmarian.org or the alumni office staff at 785-625-9434 or alumni@tmpmarian.org for more details.

We are encouraging donations from all alumni and friends of Thomas More Prep-Marian. Gifts that come in before March 1, 2017 will be recognized in the ACE catalog. Since the cost is substantial, we need everyone's help so this project can become a reality! Check out the back side of this form for information about the "Pennies for ACE" program.
